

Location: Remote / Global

Children for Health (CfH) is seeking a Fundraising Lead / Consultant to support the organisation in strengthening its funding pipeline and securing resources for its global work.

CfH is a UK-registered charity focused on participatory child health literacy and community health promotion, enabling children to act as health champions within their families and communities. Our work currently reaches partners in 190+ countries, with growing focus on child health, climate, and community resilience.

Role Overview

This is a hands-on and strategic role, suited to someone who can both shape and actively contribute to fundraising efforts.

The role may include:

- Identifying and pursuing funding opportunities (trusts, foundations, philanthropy)
- Leading or supporting proposal development and submissions
- Building and nurturing donor relationships
- Contributing to CfH's fundraising strategy and positioning

Profile

We are looking for someone who:

- Has experience in fundraising or resource mobilisation within the non profit or global health and education sector
- Can work independently and proactively to develop opportunities
- Is comfortable with balancing strategy and delivery
- Is aligned with CfH's work in community health, child health, and participatory approaches

Engagement Model

This is a flexible, performance-based consultancy engagement, designed to align incentives while maintaining a low-risk approach for the organisation.
